

Please make your venue more accessible

Today our visit to your venue was disappointing because you don't have a Changing Places[®] bathroom which meets our family's needs.

Everyone needs to use the loo when they're out and about, but some people, with profound disability or complex needs, can't use standard disability toilets. They require special equipment that's only found in a Changing Places[®] bathroom, such as adult-sized changing tables and ceiling hoists.

Without a Changing Places[®] bathroom, these people – and their families or caregivers – simply have to stay at home, have to leave early, or have to make do with conditions that are undignified, unsanitary, and unsafe.

This is an opportunity for you to be a leader in accessibility and cater for *all* members of the public.

Please contact Changing Places NZ to learn how you can make your venue more inclusive for families like mine.
